

AXA Absolute and Resolute SERIES

The latest generation
cable- and chainlocks

AXA BIKE SECURITY

For every bike the right lock

AXA introduces a completely new range of cable and chain locks. With the AXA Resolute and Absolute we have an extensive range from cable locks for children's bicycles up to chain locks with a 2 star ART approval. We have a right lock for every bike.

Complete new range cable- and chainlocks

New lock head

The range has newly designed lock heads that fit together perfectly with an ergonomic and modern design. With this we have created a family feeling that not only looks good on the bicycle but also on display in your store. With the metal elements in the head, the locks get an elegant finish.

AXA Absolute and Resolute

- Modern, ergonomic design
- 1 family look and feel
- Designed for daily use
- International key service

Display the chains

To be able to display the chains nicely in your shelf we have designed a special bar. The accompanying hooks are made extra strong so that they do not bend when the weight of the chains are on it. With the striking orange color the consumer attention is directly drawn to these beautiful and lucrative chains.

Special chain bar with extra strong hooks

AXA Basic - Cable lock holder

AXA Universal - Cable lock holder

AXA Cable lock holders

For the AXA Resolute series there are two types of holders suitable for each cable lock type. For the light type cable locks there is the AXA Basic. For the heavier cable locks we have the AXA Universal holder.

Our advice

- Always use a second lock
- Secure your bike to a fixed object
- Place your lock high on the bike
- Put the lock through the frame of your bike

Maintenance

Maintain your lock regularly. We strongly advise you to lubricate your lock on a regular base. A well maintained lock is a reliable lock. For lubrication we advise you to use AXA Lock Spray.

Cable locks

AXA Resolute

With the new Resolute cable locks, AXA has a complete range for people who like to use a light lock. The cables are easy to carry with the accompanying holder. In addition to the variants with a key, we also have cables with a code lock.

Petrol blue Army green Purple Matt black

The 6 and 8 mm version are available in contemporary colors. The cables in petrol blue, purple and army green fit perfectly with the fashionable bikes that you find everywhere.

Chain locks

AXA Absolute

AXA introduces the new Absolute chain range that runs from a light 5 mm chain to a 9 mm chain with ART 2 stars approval. All chains are suitable for daily use and matches perfectly together thanks to the new and modern design.

Every chain has a strong polyester sleeve that protects the bike against damage. The cylinders are protected against moisture and dirt and some are equipped with a handy click-in function. This means that the key no longer needs to be turned to close the lock. The Absolute has chic stainless steel details, making it an asset to any bike.

Online key service

It can happen that you lost your key. This is not a problem! An extra key can be ordered through axabikesecurity.com and will be delivered within a few days. AXA is the only vendor that produces and sends keys in-house meaning we can offer a fast and reliable service.

TIP:

Write down your key number, you need this when you want to order a key.
